TO: Whom it May Concern  
RE: Clean It

As a property manager, communication with my clients and vendors is critical when performing services. They are properly insured and have extensive reviews of all employees.

Clean it has provided services for my company and several of my clients over the years. This company provides an excellent job with strict attention to detail regardless if you are an individual or a client of 500. No job is too small or too large for their specific detail.

Clean It, also has the capability of maintenance which has proved to be a great asset for this firm. The quality of work is what my clients expect. During my affiliation with this company, Clean It has provided various duties from cleaning, painting, building enclosures and all with excellence.

Effectively scheduling times for maintenance and cleaning while developing a courteous rapport with occupants is critical.

Performance from this firm has always been a great experience and I would highly recommend them to any company in need of their services.

Please feel free to call and discuss any concerns or questions you may have.

Regards,

Jean Matovina – President
